### THE CANTILEVER STORY

#### OUR STORY

Nestled into the rocky shoreline sits a quaint village of Ranier, Minnesota that was once the epicenter of smuggling spirits during the 1920's. But none of this could have been possible without the Historic Cantilever Bridge, the conduit that connected Canada to the United States. The Speakeasy's and Gin Joints needed a steady supply to stay in business, and we can neither confirm nor deny that the fine citizens of Ranier were involved, but unbeknownst to the border patrol at the time, the Cantilever Bridge was the pipeline to liquid libations that would entertain not only the Northwoods but consistently reach as far as Chicago and beyond.

As we look to our past to inspire our future, Cantilever Distillery + Hotel brings back the history, passion, and excitement of a by-gone era to offer amazing spirits hand-distilled from scratch using the finest Minnesota grains and water from the Canadian Shield, and unforgettable memories on the shores of Rainy Lake.
