OUR STORY

Welcome to Ranier, the epicenter of prohibition-era spirit smuggling.

Here, bootleggers of all stripes moved their contraband from Canada to the US via the infamous Cantilever Bridge. It was the peak of Prohibition in the United States. Speakeasies and Gin Joints needed a steady supply to stay in business. We can neither confirm nor deny if the fine citizens of Ranier were involved. Unbeknownst to Border Patrol (often overlooked by residents), the Cantilever Bridge was the pipeline to liquid libations that would entertain the fine folks of the Northwoods, but consistently reach as far as Chicago and beyond.

The cantilevered connection is the inspiration behind our premium bourbon, gin, vodka, and rye whiskey, all of which are made on-site using only the finest Minnesota ingredients and pure water from the Canadian Shield – a true homage to the repeal of Amendment 18.

100 years after the nation went dry, we opened the doors to our Cocktail Room where you can enjoy a bite to eat and a cocktail carefully crafted with our site-made spirits in a destination infused with history, legend and lore.
